**Wednesday, June 15, 2022:** After opening two (2) responses from Gabes Oil Inc. dba Heritage Petroleum LLC, bid pricing responses were initially noted and documented by Taney County Road & Bridge staff, Kathy Roberts, in absence of Devin Huff, Road & Bridge Administrator, and myself.

**Monday, June 20, 2022:** It was decided to thoroughly review the differences between the two (2) options submitted by Gabes Oil Inc. dba Heritage Petroleum LLC.

Gabes Oil Inc. dba Heritage Petroleum LLC offered up two (2) options for Taney County to consider Motor Oil & Hydraulic Oil. Shell has been consistently higher across the board, not to mention being out of stock due to allocations, Citgo has fulfilled orders much more promptly. Option 1 pricing would have an increase annually and Option 2 pricing would have a quarterly increase; both requiring a 30-day pricing proposal submittal.
