

## **RFQ TABULATION FORM**

RFQ DATE; Monday December 12, 2011

RFQ FOR; Transportation Study

RFQ NUMBER; **201112-159**

<b>NO.</b>	<b>ORGANIZATION</b>
1	Allenbrand – Drews & Associates, Inc. Olathe, Ks.
2	HDR Engineering, Inc. Forsyth, Mo.

This morning we had received two responses to **RFQ# 201112-159** as listed above. After reviewing those responses with several members of the TCTAB, the recommendation to the Commission is to go with HDR. The main reason is that the other company, AD&A, is not in as close proximity nor as familiar with the project area as HDR. (This factor is requested within the RFQ, item #1, as a "should" detail.) This recommendation has also been agreed to by the President of the Taney County Transportation Advisory Board. Thank you.

(NOTE: Subsequent to the above recommendation the Taney County Commission voted unanimously to select HDR Engineering in response to this RFQ.)

Ron Erickson  
Director of Purchasing  
Taney County Missouri
