

RFP# 201110-155 (Independent Insurance) Final Results;

Tuesday December 13, 2011

The Taney County Commission met today to finalize a selection for Independent Insurance via this RFP. After a few additional questions directed at several Committee Members who were present, and hearing again that the 10 person Taney County Employee Insurance Committee's recommendation is unanimous to engage Employee Benefit Design as the Agent of Record for Taney County, a motion was made to designate them as such and have them start the process immediately to deliver the insurance plans as agreed upon. The Commission then voted unanimously to do so and designated Employee Benefit Design, LLC to be selected via this RFP.

Thank you.

Ron Erickson,
Director of Purchasing
Taney County Missouri
