On August 30, 2012 at 9:00 AM all four of the sealed packages received, regarding the above listed RFQ, were opened per the instructions as detailed within the RFQ. Shortly thereafter the Taney County Airport Board reviewed all four responses deciding to eliminate two responders and invite the other two to make presentations.

On September 19, 2012 Garver and Lochner each presented for 45 minutes and answered questions for 15 minutes. (One at 1:00 PM, the other at 2:30 PM) Using an overall average Garver, LLC achieved the higher score.

The evaluation process used was based on a similar process being used by the Missouri Department of Transportation. (MODOT) The two companies designated for presentations were rated on a previously weighted scale by three members of a selection committee. The resulting scores were extremely close.
