

## BID RESULTS

BID DATE; Tuesday February 24, 2015  
BID FOR; GEO Mapping Device  
BID NUMBER; **RFB#201501-288**

**Tuesday February 24, 2015:** Response to the above listed RFB resulted in only one Bid being received. We are aware of the fact that this one response was from a Vendor which for all intents and purposes might be considered a "Sole Source". This is due to strict governmental control of these devices, enforced territorial distribution limits, and the uniqueness of the device itself. So Taney County Road & Bridge Coordinator, Randy Haes and I accepted this one response and opened it.

Results from; **Seiler Instruments** out of: Belton, Missouri in the amount of: **\$7,140.00...**

An agenda request has been made, and approved, to deliver a formal recommendation to the Taney County Commission on Monday March 2, 2015.

**Monday March 2, 2015:** Mr. Haes explained the need for this instrument, as well we offered a few details covering the reason we only received one response. A recommendation was then made to award to **Seiler Instruments**. A motion was made to award as such and the Taney County Commission voted unanimously to do so.

Thank you.

Ron Erickson,  
Director of Purchasing  
Taney County Missouri
