Re: Workforce Training Grant Request  
Western Taney County Fire District

Dear Ms. Kost:

I am writing this letter to voice support for the Workforce Training Grant request by Western Taney County Fire District. This grant will allow the Fire District to provide the classes for a people with a Highschool diploma or GED to apply for a full-time firefighter position at Fire Departments in Missouri. This grant will allow them to be more effective and accomplish the training on a larger scale. The 55,000 full-time residents and the 7 million annual visitors deserve well educated firefighters that respond in their time of their need. This grant will make that possible.

The \$1.8 million of requested funds will help enhance the current fire training facilities for the district. With these enhancements, our firefighters will be better equipped to serve our county, which welcomes over 7 million visitors each year.

Additionally, these funds will help other communities across Missouri. Taney County Fire District regularly hosts firefighter training from neighboring and nearby counties. These investments will ensure the firefighters receive enhanced training and are better prepared to response to emergencies.

I strongly encourage you to provide this important investment into Taney County and Missouri's Emergency Services.

Best regards,

A handwritten signature in blue ink that reads "Mike Scofield".

Mike Scofield, Presiding Commissioner
