Subject: Recommendation for Depository Bank Services –Bid #202504-579CC

Dear Commissioners,

After a thorough evaluation of the bids received for Taney County's banking services, I am writing to formally recommend **Southern Bank** in Forsyth, Missouri, as the most advantageous option for the County.

Southern Bank has demonstrated strong service capabilities, competitive terms, and a clear understanding of the County's financial operations. Most notably, they offered the **highest** interest rate among all bidders and will provide all checks and deposit slips with no charge, which will enhance the County's investment earnings and overall financial position.

Their local presence also ensures convenient access and responsive service—qualities that are essential to the daily operations of the Treasurer's Office and other County departments.

I am confident that awarding the Depository Banking Services contract to Southern Bank will serve Taney County well, both immediately and in the long term.

Thank you for your consideration of this recommendation. Please let me know if any further information is needed.

Respectfully,

Taney County Multidisciplinary Team Memorandum of Understanding

The mission of the Taney County Multidisciplinary Team is to participate and assist in the coordination of the team approach to investigating child abuse/neglect and seek justice for child victims of abuse including sexual abuse, physical abuse, and/or neglect. Utilizing a multidisciplinary team approach we agree to shared referral, intake, and interviewing procedures; collaborative decision making; and coordinated case planning and service delivery to unify our efforts in serving child victims of abuse.

We agree to support the multidisciplinary team approach, and understand each agency has specific responsibilities that result in collaborative approach to serving children and families as detailed in our county protocol.

Agencies participating in the coordinated response will immediately share and receive pertinent case information in adherence to relevant state laws. Informed consent from the legal guardian of child clients will be made to enable the MDT to respond to the immediate and ongoing needs of the child and family. Said consent will be limited to a prescribed and agreed upon period of time.

I have read and agree to our county protocol and support our agency's role as a member of the multidisciplinary team.
